## **NASH BALAGHEE**

Nash combines a solid academic background in Economics & Finance with over two decades of experience in finance, financial advisory roles and business management.

He is also a member of the Economic Society of Australia & Environment Institute of Australia and New Zealand. A GRI-Certified Sustainability Consultant, Nash specializes in aligning ESG initiatives with financial and operational outcome.

Nash is also in the process of completing his Master of Sustainability at a renowned Australian University.

## AREAS OF INTEREST

Nash has a special interest in the following sustainability areas:

**Solar Farming:** Solar energy offers a powerful solution, and solar farms are at the forefront of this transition. By harnessing the sun's abundant energy, solar farms not only contribute to a cleaner, greener planet but also provide a financially viable option for long-term energy savings, job creation, and local economic development.

**Wind Farming:** Wind farms, with their ability to generate large-scale, renewable energy without the harmful emissions of traditional fossil fuels, offer both an environmentally responsible and economically viable approach to energy production.

**Sustainability Reporting:** Nash is a fully qualified GRI Certified Sustainability Consultant and he can help organizations develop comprehensive ESG reports that not only meet regulatory requirements (ASRS / AASB S1 / S2 ...) but also demonstrate a genuine commitment to environmental stewardship, social responsibility, and strong governance.

**Sustainable Development Goals (SDGs):** In addition to SDGs relating to climate change (SDG 13, 14, & 15), Nash has a strong focus on the following SDGs:

- i) SDG 1 – No Poverty.
- ii) SDG 2 – Zero Hunger.
- iii) SDG 8 – Decent Work & Economic Growth
- iv) SDG 12 – Responsible Consumption & Production

## **PROFESSIONAL MEMBERSHIPS**

Through these professional memberships, Nash gains access to cutting-edge sustainability insights, industry best practices, and a network of like-minded professionals dedicated to driving positive environmental and social impact:

**GRI Certified Sustainability Professional:** The Global Reporting Initiative (GRI) is the world's most widely used framework for sustainability reporting. It provides globally recognised standards that help organisations identify, measure, and transparently disclose their environmental, social, and governance (ESG) impacts.

**Environment Institute of Australia and New Zealand:** Australasia's peak professional body for environmental practitioners. It supports and represents professionals across a wide range of disciplines, promoting high standards of environmental practice, ethical conduct, and informed decision-making.

**Economic Society of Australia:** Peak professional body for economists in Australia. Established in 1925, it promotes the study, teaching, and application of economics through research, professional development, and informed public debate.
